Discovery Metals

Company Information

Discovery Metals LLC opened in September of 2021 with the intent to distribute specialty metals for organizations facing supply chain adversity.

Mission

To help organizations build authentic and long-lasting relationships with sales and distribution of specialty metals. We believe that honesty and integrity in supply chain relationships are key in navigating challenging market conditions.

Values

- Building relationships that exceed customer service expectations.
- Competitive pricing and availability.
- Assisting with inquiries and market information.
- Finding solutions that help prevent the stockout of essential goods.
- Assisting with quality and technical issues.
- Learning our customer's values and goals.
- A single contact to provide customer service, quality, and logistics.
